***LAND, SEA, AIR: THE BOLD NEW* FRONTIERS OF THE MOBILITY REVOLUTION**

November 16-18, 2021

Global mayors and policymakers, leading technologists, public transport operators and venture capitalists, start-ups and established players — the entire landscape of emerging mobility is again present for our most important CoMotion LA yet. Three days of immersive and interactive talks, demos, & workshops offer a path forward for cities and mobility systems as we enter a more impactful phase of the Mobility Revolution.

THEMES

RENEW

Renewing mobility patterns to aid the fight against climate change. Dive into the innovative transitions to zero-emission, active and resilient mobility modes.

INSPIRE

Inspiring fellow leaders by forging the path towards more equitable and accessible transportation. Touch on topics like public transit, complete streets, Vision Zero, and more.

CONNECT

Connecting infrastructure for a seamless transportation experience. Delve into managing smart curbs, grids, and data and privacy.

REIMAGINE

Reimagining the mobility experience in cities. Explore emerging innovations used to transport people and goods including urban air mobility and autonomous delivery.

SOCIAL MEDIA

[CoMotion LA returns November 16-18, 2021](#) for its most impactful and exciting gathering ever. This fifth edition is a fully in-person gathering in the heart of Downtown Los Angeles — with a revolutionary virtual platform. We bring together the most influential leaders of the

Mobility Revolution to explore, collaborate, learn, make deals, and share ideas. [Get your passes now!](#)
